“

Three intense days at the heart of design in the Middle East. We had the pleasure of presenting our latest collections – combining innovation, French elegance and traditional craftsmanship – and exchanging ideas with numerous architects, designers, specifiers and partners from all over the region.

Our presence at INDEX this year was more than just a display – it was a true reflection of our values, creativity, and precision. From the initial sketches to the final build, our incredible team worked seamlessly to bring this concept to life and create a space that captured who we are and what we stand for. We're proud of the outcome and deeply grateful for the connections made along the way.
